

## EDWARDSVILLE/GLEN CARBON LITTLE LEAGUE PLAYER ROTATION GUIDE

- With a 15 player roster a team has 10 field positions and 5 bench positions.
- With equal field rotation, each player should play each of the 10 field positions and 5 bench positions, based on a 15 player roster.
- When it is a players turn to play a position that he feels uncomfortable with, let the player decide who he wants to trade with. If he decides to trade, he forfeits that position until it comes up again in the rotation.
- When a player is absent from a game, he forfeits his positions until it comes up in the rotation again.
- When a player is absent from a game, fill in his positions with your benched players, as fairly as possible.
- Make your field position schedule at home before the game and make it available for the players to see prior to the start of the game so they may see where they play. If they don't want to play a certain position, encourage them to at least try it.
